INCOME TAX RETURN OF TAXABLE CORPORATIONS AND PARTNERSHIPS

MESSAGE FROM THE SECRETARY OF THE TREASURY

Dear Taxpayer:

At the Treasury Department we are firm on our goal to provide you with quality services in a timely manner and collaborate in the implementation of our strategic plan, in order to advance the economic and social development of Puerto Rico.

During the past year we evaluated our administrative procedures and developed a high technology system so that you, as taxpayer, can comply with your income tax responsibility in a secure and fast manner.

We have also restructured our systems to detect mistakes, guarantee income tax fairness and the fiscal stability that we all desire. Today, we are in a better position to detect income tax evasion and fraud, social ills that attempt, not only against responsible taxpayers, but also against the complete economic and social development of our country.

In addition, please note that, during the past year, several important laws were enacted which offer significant income tax benefits. Among them, the act that provides an income tax credit to businesses that substitute imported products for purchases of Puerto Rican agricultural products and the act that provides income tax credits to companies that purchase Puerto Rican manufactured products. By granting these credits, we encourage the purchase of Puerto Rican products, which significantly contributes to the economic development of our country, while offering these companies an income tax relief. These credits are available only if certain requirements are met, so it is very important to carefully read the information provided in this booklet. For additional information, please call (787) 721-2020, extension 3611 or toll free at 1-800-981-9236. You can also access our site on the Internet at <http://www.hacienda.gobierno.pr>.

As you can see, at the Treasury Department we encourage innovation, planning and focus on positive results in order to offer you continuous improvement of our services. We are accomplishing our goals. You can count on us and we ... Count on you!

AREA CODE

You must **indicate the area code** in the parenthesis located in the spaces provided in the heading of the return, to write the phone number of your residence and office.

Such information is very important, since beginning July 15, 2001, it is necessary to dial one of the area codes corresponding to Puerto Rico (**787** for already existing numbers at July 31, 2001, or **939** for numbers assigned beginning on August 1, 2001) in order to process your call to any place in the island.

RETURNED CHECKS FOR INSUFICIENT FUNDS

Every check drawn on behalf of the Secretary of the Treasury that is returned because of non sufficient funds, will be subject to a \$20.00 charge that will be debited from your bank account. This charge is in addition to any other interest, surcharges or penalties provided by the Code or any other fiscal law, for omissions in fulfilling your tax responsibility.

FINANCIAL STATEMENTS REQUIREMENT

If the entity has a business volume from taxable operations of more than \$1 million, financial statements reporting the operations of the taxable year must be included with the return.

The financial statement must include a balance sheet, an income statement and a statement of cash flows. These statements should be submitted with an Audit Report issued by a certified public accountant (CPA) licensed in Puerto Rico.

It is not acceptable a report that includes consolidated financial statements, in which the operations in Puerto Rico are presented as supplementary information. Also, compiled or reviewed statements are not acceptable. They must be audited.

SIGNATURE OF THE RETURN BY THE SPECIALISTS

If you pay for the preparation of the return, make sure that the return is signed by the specialist and that the registration number and the employer's or social security number of the specialist is included. The Puerto Rico Internal Revenue Code of 1994, as amended (Code), provides civil and criminal sanctions to those Specialists who fail to submit this information.

The Tax Return Specialist must declare under penalty of perjury that he/she examined the return and to the best of his/her knowledge and belief, the return is correct and complete.

If the return is prepared by an accounting firm duly registered as a Tax Return Specialist, it must include the employer's identification number, the registration number and be signed by the authorized person.

CONTRACTS WITH GOVERNMENTAL ENTITIES

Every person, natural or juridical, contracted by a governmental entity, must comply with the Executive Order 91-24, as amended, and the provisions of the Circular Letters in force at the time of processing the contracts. According to said provisions, every contract subscribed by a governmental entity must include a clause to certify that the contracted party filed the income tax returns for the last five years, and that the income, property, unemployment, temporary disability and drivers social security taxes have been paid.

In addition, in order to approve a contract or purchase order, the governmental entity must require the tax return filing (Form SC 6088) and debt (Form SC 6096) certifications from the Internal Revenue Area of this Department, the property tax certification from the CRIM and the corresponding certification from the Department of Labor and Human Resources. These documents must be requested annually.

In order to expedite the process of issuing the certifications, every person who has filed income tax returns for the last 5 years and who does not have tax debts, or if having debts, has formalized a payment plan, will receive the Tax Return Filing and Debt Certification automatically by mail (Form SC 2628). **For this purpose, it is necessary that if the corporation is contracted by a governmental entity, indicate so in the heading of the return, page 1.**

Sometimes a certification can not be issued in connection with the last taxable year since such return may have not been already processed. Because of this possibility, it is recommended to personally file the original return along with a copy, in order to receive back said copy sealed with the Department's receipt stamp. This service will be offered at the Department of the Treasury, Intendente Ramírez Building in Old San Juan, at the District Offices, at the Internal Revenue Collections Offices, and at the Tax Orientation Centers.

COUPONS BOOKLET FOR THE PAYMENT OF ESTIMATED TAX (FORM 480.E-2)

The four installments of estimated tax corresponding to the 2003 calendar year or to the 2003-2004 taxable period, will be made with the booklet revised on 08.02. Payments made with coupons revised previous to said date could have problems in their application.

PART I - NET INCOME

Line 2 - Net operating loss deduction from preceding year

Enter the carryover balance of any net operating loss from the preceding year. Submit with the return a schedule with the determination of the loss to be deducted in the current taxable year and the origination and expiration dates of the loss.

PART II - CREDITS

Line 4 - Dividends or profits received from domestic corporations or partnerships

Enter 85% of the amount received as dividends or profits from a domestic corporation or partnership taxable under the Code, but limited to 85% of the net income of the corporation or partnership.

If the dividend received is from industrial development income derived from operations covered by the provisions of Act No. 57 of June 13, 1963, as amended, the credit will be 82.70% of the amount received, but limited to 82.70% of the net taxable income.

The credit of 82.70% does not apply to dividends or profits distributions derived from operations covered under Act No. 78 of September 10, 1993, as amended, or Act No. 8 of January 24, 1987, as amended. Nevertheless, if the corporation or partnership receives dividends or benefits from a domestic corporation or partnership, it may use the 85% credit mentioned in the first paragraph of this part.

However, the Code provides the following exceptions:

- 1) In the case of a small business investment company operating in Puerto Rico under the Small Business Act of 1958, there shall be allowed as a credit an amount equal to 100% of the total amount received as dividends or profits from a domestic corporation or partnership taxable under the Code.
- 2) Subject to certain requirements imposed by the Code, a credit of 100% is allowed against the net income from the total amount received as dividends by corporations organized under the laws of any state of the United States or the Commonwealth of Puerto Rico, that may be the principal derived from industrial development income accrued during taxable years beginning prior to January 1, 1993 and invested in obligations of the Commonwealth of Puerto Rico, its instrumentalities or political subdivisions, or invested in mortgages secured by the Puerto Rico Housing Bank and Finance Agency or in loans or other securities guaranteed by mortgages granted under any

general character pension or retirement system established by the Legislative Assembly of Puerto Rico, the municipalities and the agencies, entities or public corporations of the Commonwealth of Puerto Rico.

- 3) There shall be granted a 100% credit against the net income from the total amount received as dividends by corporations organized under the laws of any state of the United States or the Commonwealth of Puerto Rico, that may be the principal derived from industrial development income accrued during taxable years beginning prior to January 1, 1993 and invested in obligations of the Governmental Development Bank for Puerto Rico or any of its subsidiary corporations, for the financing through the purchase of mortgages, or the construction, purchase or housing improvements in Puerto Rico made after December 31, 1984.
- 4) A 100% credit will be granted against the net income from the total amount received as dividends or profits from a domestic controlled corporation or partnership.

Line 6 - Surtax net income credit

Enter **\$25,000**, except in case the corporation or partnership belongs to a controlled group of corporations or partnerships which are 80% or more owned, directly or indirectly, by the same person or persons. In those cases, the allowed credit will be only \$25,000 for the entire group of corporations or partnerships.

If a corporation or partnership is a component member of a controlled group of corporations or partnerships at December 31, the credit allowed to such corporation or partnership for the taxable year that includes such December 31, shall be an amount equal to \$25,000 distributed among the corporations or partnerships that are component members of the group.

If a corporation or partnership has a taxable year of less than twelve months that does not include December 31, and is a component member of a controlled group of corporations or partnerships with respect to such taxable year, the allowable credit for that taxable year will be \$25,000 distributed among the number of corporations or partnerships that are component members of the group as of the last day of said taxable year.

In case of a controlled group of corporations or partnerships, it is necessary to include with the return of each member a schedule detailing the

apportionment plan, the name of each one of the corporations or partnerships that are members of the group, the employer's identification number and the signature of the person or persons responsible for preparing it.

Line 12 - Alternative Tax - Capital Gains

Enter the amount determined on Schedule D Corporation and Partnership, Part VII, line 46.

If the net long term capital gains exceed the net short term capital losses, the corporation or partnership may elect to pay an alternative tax. The alternative tax is determined by applying the normal tax rate to the net income without including the net

long term capital gains, plus 12.5% (applicable to property located in Puerto Rico), 25% (applicable to other properties) or 7% (applicable to stocks or shares from an eligible corporation or partnership) over such gains.

Compute the alternative tax using Schedule D Corporation and Partnership - Gains and Losses from Sale or Exchange of Property. Include said schedule with your return.

Line 17 - Alternative minimum tax

Enter the excess of tentative minimum tax over adjusted regular tax from Schedule A Corporation and Partnership, Part V, line 32.

Every corporation or partnership (except those not engaged in trade or business in Puerto Rico) will be subject, in addition to any other tax imposed by the Code, to a tax equal to the excess, if any, of:

- 1) the tentative minimum tax for the taxable year, over
- 2) the adjusted regular tax for the taxable year.

The Tentative Minimum Tax for the taxable year will be 22% of the amount by which the Alternative Minimum Net Income for the taxable year exceeds the Exempt Amount. The Tentative Minimum Tax will be reduced by the Alternative Minimum Credit for taxes paid to a foreign country.

To compute the excess of the alternative minimum tax over the adjusted regular tax, you must complete Schedule A Corporation and Partnership and include it with your return.

Line 18 - Branch profits tax

In addition to any other tax imposed by the Code, those foreign corporations and partnerships engaged in trade or business in Puerto Rico that operate as branches, **are subject to a 10% tax** of the amount equivalent to the dividend or profit distribution for the taxable year.

This provision shall not be applicable to any taxable year in which the foreign corporations or partnerships engaged in a trade or business in Puerto Rico derived at least 80% of its gross income from sources within Puerto Rico or from income effectively connected or treated as effectively connected to operations from a trade or business in Puerto Rico, during the 3 taxable years period ended at the closing of said taxable year.

The corporations and partnerships subject to said

Line 22 - Balance of tax due

Enter the difference between the sum of lines 19 and 20, and line 21.

If line 21 is larger than the sum of lines 19 and 20, you may elect to apply all or part of the tax paid in excess to your estimated tax for the following year or claim it as a refund. In order to do that, you must indicate so on line 24A or 24B of the return.

INTEREST, SURCHARGES AND PENALTIES

Interest

The Code provides for the assessment of interest at a 10% annual rate over any tax balance not paid by its due date.

Surcharges

In case that imposition of interest is applicable, a surcharge of 5% of the amount due will be assessed, if the delay in paying exceeds 30 days, but not over 60 days; or 10% of the amount due, if the delay exceeds 60 days.

Penalties

The Code imposes a progressive penalty from 5% to 25% of the total tax for late filing unless you can show reasonable cause for the delay.

Any person required under the Code to file a return or declaration, and who voluntarily fails to file such return or declaration within the term or terms required by the Code or regulations, in addition to other penalties, shall be guilty of a misdemeanor and punished by a fine of not more than \$500 or imprisonment for a term of not more than 6 months, or both penalties, plus the costs of prosecution.

If any person voluntarily fails to file the above mentioned return or declaration (within the terms required by the Code or regulations) with the intention to avoid or defeat any tax imposed by the Code, in addition to other penalties, shall be

INSTRUCTIONS TO COMPLETE THE SCHEDULES

SCHEDULE A CORPORATION AND PARTNERSHIP - ALTERNATIVE MINIMUM TAX

WHAT IS THE ALTERNATIVE MINIMUM TAX?

The Alternative Minimum Tax is an additional tax which is imposed when the net income, adjusted by certain preferential items, exceeds the exempt amount of \$50,000. **The tax rate for this tax is 22% over said net income.**

WHICH ENTITIES ARE SUBJECT TO THE ALTERNATIVE MINIMUM TAX?

Every corporation or partnership engaged in trade or business in Puerto Rico, including insurance companies. In addition, this applies to those corporations or partnerships operating under the Puerto Rico Tax Incentives Act or under any other similar act, with respect to that portion of income derived from taxable operations.

The following entities are not subject to the alternative minimum tax: (1) foreign corporations and partnerships not engaged in trade or business in Puerto Rico; (2) special partnerships; (3) registered investment companies taxable under the provisions of Subchapter L of the Code; (4) corporations or partnerships operating under Act No. 8 of January 24, 1987 or under any other similar act, but only on its income derived from its exempt operations; (5) exempt real estate investment trusts; (6) corporations of individuals; (7) corporations and partnerships under the provisions of Tourism Acts; (8) bona fide farmers; (9) employees-owned special corporations and ordinary and extraordinary members.

Line 1- Enter the net income prior to any net operating loss, considering the credit allowed by the Code in relation to dividends received from domestic corporations or partnerships, or from industrial development income. Add lines 2 and 5 of Form 480.10 or 480.20.

Line 2 - Enter on lines 2(a) through 2(e) the adjustments to determine the Alternative Minimum Net Income prior to book adjustments and operating losses. If the adjustments to determine the Alternative

Minimum Net Income in Part I exceed the amount used to determine the regular tax, the difference (negative) is considered a deduction. On the contrary, if the amount used to determine the regular tax exceeds the adjustments, the difference (positive) will be reflected as an additional adjustment to the net income.

Line 2(a) - If you used the flexible depreciation method to compute your regular tax, determine the depreciation using the straight line method and enter here the difference between both methods.

Line 2(b) - If you are a merchant in personal property and reported gains through a sales installment plan for the regular tax, you must recognize the gain (or loss) in its entirety for the year in which the personal property was sold. Enter on this line the difference between both methods.

Line 2(c) - If you used the completed contract accounting method to report the income (or loss) derived from construction of projects, and such activities exceeded one year, recompute your profit (or loss) under the percentage of completion method. Enter on this line the difference between both methods.

Line 2(d) - If the corporation or partnership is a financial institution, determine the amount of interest expense not allowable as a deduction attributable to interest income derived from exempt obligations, irrespective of the date of its acquisition.

This will be made based on the average balance ratio of assets of the institution. The adjustment does not apply to exempt obligations related to mortgage loans granted or guaranteed prior to September 1, 1987 by the Commonwealth of Puerto Rico, its agencies, municipalities and instrumentalities, which interest would have been deductible from the gross income to determine the tax imposed by Act No. 34 of June 4, 1975, as amended.

Line 2(e) - If you used the accelerated depreciation method to determine the regular tax, compute the depreciation using the straight line method. Enter on this line the difference between both methods.

Line 4 - Enter your net income (or loss) as per your Income Statement. For this purpose, **Income Statement means** a financial statement that reflects

PART III - COMPUTATION OF THE ALTERNATIVE MINIMUM NET INCOME

Line 18 - Enter your net operating loss deduction to be used in the determination of the alternative minimum tax. The amount of this deduction cannot exceed 90% of the alternative minimum net income determined without considering this deduction. **Any excess of net loss may be carried over to each one of the following 7 taxable years.** The net operating loss will be adjusted as established by the Code.

Line 20 - The alternative minimum tax allows an exemption of \$50,000 if the alternative minimum net income is \$500,000 or less. That exempt amount is reduced by 25% (but not less than zero) of the excess of the alternative minimum net income over said amount. If your alternative minimum net income is \$700,000 or more, you are not entitled to claim any exemption.

To determine the exempt amount follow the instructions below:

Line 29 - Compute your credit for foreign taxes paid according to the Code. Use the formula indicated and adjust the net income by the adjusted items specified in the Code. The formula is as follows:

Alternative Minimum Net Income from sources outside Puerto Rico divided by Total Alternative Minimum Net Income and multiplied by the Tentative Minimum Tax.

Any increase to the Alternative Minimum Net Income due to the adjustment for the excess of net income as per the Income Statement, will have the same proportion and character of the Alternative Minimum Income determined without considering such increase.

The determined credit is subject to an additional limitation. It may be reduced up to 90% of the Tentative Minimum Tax (line 22) without considering the deduction for net operating loss used in the determination of the alternative minimum tax. Determine the credit limitation amount on lines 22 through 29. **Any credit amount not claimed in the taxable year can be carried over to the following 5 years.** No part of the credit may be carried back.

PART V - COMPUTATION OF THE ALTERNATIVE MINIMUM TAX

The source of income is determined as follows:

sources within such country bears to its entire normal tax net income for the same taxable year.

The credit for taxes paid cannot exceed the amount paid to the United States, its possessions and foreign countries.

SCHEDULE D CORPORATION AND PARTNERSHIP - GAINS AND LOSSES FROM SALE OR EXCHANGE OF PROPERTY

Use this schedule to determine the gains or losses from the sale or disposition of capital assets. A capital asset may be defined as a property acquired for investment.

The term capital asset means property possessed by the taxpayer (related or not to its industry or business), but does not include: (a) goods in hand of the taxpayer's business or other property of similar nature that can be properly included in the taxpayer's inventory, if it was in hand at the close of the taxable year, or property possessed by the taxpayer primarily for the sale to customers during the ordinary course of its trade or business, or (b) property used in its trade or business subject to the allowance for current depreciation, or real property used in its trade or business.

Capital gains or losses are classified as short or long term depending on the period held. If the assets were held not more than 6 months, it is considered as **short term** gain or loss. If the assets were held for more than 6 months, it is considered as **long term** gain or loss.

To determine short and long term capital gains or losses, you must provide the description and location of the property sold and complete the information in Columns (A) through (F), Parts I, II, III and IV, with respect to the properties.

Once you determine a gain in the sale or exchange of capital assets, you must identify the location of the property. This information will determine, in part, the income tax rate applicable to the long term capital gain. For long term capital gain derived from the sale of certain **property located in Puerto Rico**, the special rate will be 12.5%. Other **property not defined as property located in Puerto Rico**, is subject to the prevailing rate of 25%.

For purposes of sale or exchange of capital assets, the term **property located in Puerto Rico** means:

- a) Every real property located in Puerto Rico.
- b) Stock certificates issued by domestic corporations,

or distributable share of a partner in a domestic partnership's capital.

- c) Stock certificates and distributable share in foreign corporations or partnerships, when no less than 80% of the gross income of said foreign corporation or partnership for the three (3) year period ended with the close of your taxable year previous to the transaction that generated the long term capital gain, or for such part of said period in which the corporation or partnership have existed, was derived from Puerto Rico sources in accordance with the provisions of the Code.
- d) Bonds, notes or other debt obligations issued by:
 - (i) The Commonwealth of Puerto Rico;
 - (ii) municipalities of the Commonwealth of Puerto Rico; or
 - (iii) authorities or public corporations of the Commonwealth of Puerto Rico and its municipalities.
- e) Bonds, notes and other debt obligations of an individual resident of Puerto Rico; or from a domestic corporation or partnership; or guaranteed by real property located in Puerto Rico.
- f) Bonds, notes or other debt obligations of foreign corporations or partnerships when no less than 80% of the gross income of said foreign corporation or partnership for the three (3) year period ended with the close of your taxable year previous to the transaction that generated the long term capital gain, or for such part of said period in which the corporation or partnership have existed, was derived from Puerto Rico sources in accordance with the provisions of the Code.

The adjusted basis of the property is its original cost, plus the permanent improvements, less the accumulated depreciation. Do not include lodging expenses (i.e. hotels) nor travel expenses (i.e. airline tickets).

Sale expenses include sales commissions, advertisements, legal, appraisal and other similar expenses. Do not include lodging expenses (i.e. hotels) nor travel expenses (i.e. airline tickets).

Also, every eligible person may elect to pay a tax of 7% on the total excess of any net long term capital gain over any net short term capital loss from the sale of shares from an eligible corporation or partnership. For this purposes, **eligible person** means any person:

- (1) that is a shareholder or partner, or became a shareholder or partner, of an eligible corporation or partnership at the moment in which said corporation or partnership makes its first stocks or shares sales offer at the New York Stock Exchange, NASDAQ or any other national stock market in the United States of America, provided that the offer is made after June 30, 1997 and before January 1, 2008;
- (2) that became a shareholder or partner of an eligible corporation or partnership at the moment in which said corporation or partnership makes a new issuance of stocks or shares (including portfolio shares or stocks), provided that the stocks or shares of such entity are valued at the New York Stock Exchange, NASDAQ or any other national stock market in the United States of America, and the offer of the new issuance is made after June 30, 1997 and before January 1, 2008;

Eligible Corporation or Partnership means:

- any private corporation or particular partnership, both domestic, which makes a stocks or shares sales offer as described in the preceding sections (1) and (2), with the purpose of obtaining funds to be used on its industry or business in Puerto Rico, including improvements or expansions of said industry or business, or in the acquisition of a new industry or business in Puerto Rico;
- any private corporation or particular partnership, both domestic, which stocks or shares became public because its stockholders or shareholders make their first stocks or shares offer as described in the preceding section (3), at the New York Stock Exchange, NASDAQ or any other national stock market in the United States of America, provided that the offer is made after June 30, 1997 and before January 1, 2008.

In case that the eligible person to claim the 25%, 12.5% and 7% special tax rates has derived capital gains from several categories, and at the same time has capital losses, to determine the net capital gain under each category, said losses will be applied against the gains in the proportion that each one of these gains bears with the total amount of said gains.

Submit Schedule E with your return.

SCHEDULE R - SPECIAL PARTNERSHIP

Part I of Schedule R is used every year to determine the taxpayer's basis in each special partnership. Part II of this schedule is used in those taxable years in which the taxpayer claims his/her distributable share on the special partnership's losses in the current year, as well as those losses carried over from previous years. Also, Part II provides for the reduction of the carryover losses by the distributable share on income and profits attributable to the partner during the year.

You must complete this schedule annually whether the Special Partnership has derived gains (or losses) or not.

PART I - ADJUSTED BASIS DETERMINATION OF A PARTNER IN ONE OR MORE SPECIAL PARTNERSHIPS

Line 1 - Enter the amount from Part I, line 4 of last year's Schedule R.

The basis of a partner's share from a Special Partnership will be the amount of cash, or the adjusted basis of any property that is not considered cash, contributed to said partnership.

This basis will be adjusted by the following entries or transactions made during the current taxable year and others included in previous year's income tax return.

Line 2 - Basis increase

- (a) Enter the partner's distributable share on previous year's income and profits. For example, in the case of a taxpayer with a calendar taxable year, enter the total distributable share on the special partnership's income or profit included in the income tax return filed on April 15 of previous year (or later if you requested an extension of time to file your return). This amount must be the same as the one shown on line 7, Part II of Schedule R included in previous year's income tax return.
- (b) through (d) These entries are from the current taxable year.
- (e) Enter the proportion of income or gain attributable to your share on the income from agriculture earned by the special partnership, which is tax exempt under Section 1023(s) of the Code.
- (f) Enter other income or gains like for example, the distributable share on the dividends and interest received by the special partnership.

Line 3 - Basis decrease

- (a) Enter the distributable share on the loss attributable to the partner in previous year. For example, in the case of a taxpayer with a calendar taxable year, enter the total distributable share on the special partnership's loss included in the income tax return filed on April 15 of previous year (or later if you requested an extension of time to file your return). To determine the total loss claimed on previous year's return, add lines 5(c), 8 and 13 of Part II from Schedule R included on previous year's return. In order to add lines 5(c), 8 and 13 use the parenthesis of line 8, if the excess is a loss. For example, if line 5(c) is \$12,000, line 8 (\$2,000) and line 13 \$1,000, the result will be \$11,000 (\$12,000 + (\$2,000) + \$1,000).

- (b) The distributable share on special partnership's capital assets loss.
- (c) Distributions made to the partner by the Special Partnership, whether in cash or in property, including tax exempt income.
- (d) The amount taken as credit against the income tax on previous taxable year for investments made in special partnerships engaged in the production of feature films or under the Tourism Development Act of Puerto Rico of 1993, the Capital Investment Fund Act of Puerto Rico, the Agricultural Tax Incentives Act of Puerto Rico, as amended, or any other credit admitted by law to the partners related to the Special Partnership's activities.
- (e) The amount taken as credit against the income tax for withholding of tax at source from the distributable share made to a resident partner (33%) or to a non-resident alien partner (29%).
- (f) Any expense from the Special Partnership not allowed as a deduction while determining your net income and that is not capitalized.
- (g) The distributable share on net losses from tax exempt operations under the Tourism Incentives Act of 1983 and the Tourism Development Act of 1993.

Line 4 - If the amount on this line is less than zero, enter zero.

PART II - DETERMINATION OF PARTNER'S ALLOWABLE LOSSES IN ONE OR MORE SPECIAL PARTNERSHIPS

If the Special Partnership derived losses, the partner may take such losses as a deduction from the net income. Said loss will be limited to the adjusted basis of the partner's share in the partnership at the end of the taxable year in which the loss of the partnership occurred, or up to 50% of the taxpayer's net taxable income determined without considering said loss, whichever is smaller.

The adjusted basis limitation will be determined for each one of the Special Partnerships in which the partner invests.

If the deduction allowed to the partner for any taxable year is smaller than its distributable share in the partnership's net loss, the partner may claim said excess as a deduction in any subsequent taxable year, subject to the smaller of the previously mentioned limitations.

Line 5(a) - Enter the amount distributed from the partner's loss in accordance to its share percentage in the Special Partnership. This amount is informed to the partner on Form 480.6 SE.

Line 5(b) - Enter the carryover losses which were not claimed in previous years due to the limitation.

This amount must be the same as the one shown on line 14, Part II of Schedule R included on previous year's income tax return.

If a partner possesses shares in losses from more than one Special Partnership, the balance subject to the loss carryover, as determined on the previous taxable year, will be proportionally attributed to the loss of each one of the partnerships. Said attribution will be done by using as factor the adjusted basis of the partner's share in each one of the partnerships at the end of the previous taxable year.

Line 6 - Enter on this line the amount determined in Part I, line 4. If the special partnership has an exemption decree under the Tourism Incentives Act of Puerto Rico or the Tourism Development Act of Puerto Rico, you may use the debts of the Special Partnership in proportion to your share to increase your adjusted basis, only to claim losses of the Special Partnership from this activity.

Line 7 - Enter the partner's distributable share on the income and profits derived from the Special Partnership during the year. This amount is reflected on Form 480.6 SE.

Line 8 - If the amount on this line is a loss, use the parenthesis.

Line 9 - Enter the smaller of the amounts on lines 6(c) and 8. This will be the maximum amount to which the partner is entitled to take as a deduction for losses during this taxable year.

Line 10 - Enter the result of the computation from line 9. In cases in which the partner has losses in more than one partnership, enter the result of the sum from line 9, Columns A through C. This is the total amount of losses to claim for this taxable year.

Line 11 - Subtract the Adjusted Gross Income without considering the losses from Special Partnerships. This will be the net income subject to the computation of line 12.

Line 12 - Enter 50% of line 11. This limitation determines which amount of the total of losses on line 10 you will claim on this year's return.

Line 13 - Enter the smaller of line 10 or 12. This is the amount that you may deduct in your return this year.

Use this Schedule to determine the addition to the tax for failure to pay the minimum estimated tax required.

PART I - ESTIMATED TAX REQUIRED

Line 2 - Enter the sum of credits corresponding to foreign taxes paid and to withholdings at source, and other similar credits provided by the Code or any other special act that may be applicable. Include also the amount of tax paid in excess in previous years that you elected to credit to the estimated tax for the taxable year. **Add line 15, Part II of Schedule B Corporation and Partnership, and lines 3 through 6 of Part III of Schedule B Corporation and Partnership.**

Line 6 - Complete this line if an income tax return was filed for the immediate previous taxable year. Otherwise, go to line 8 and enter the amount from line 5.

If an income tax return was filed for the immediate previous taxable year, enter the tax to be paid without considering the estimated tax payments. Subtract lines 3 through 6, Part III of Schedule B Corporation and Partnership from line 19, Part III, page 1 of previous year return.

Example: The information of previous taxable year income tax return is:

	2001 income tax return
Net Income	\$380,000
Branch profits tax	10,500
Credits	5,800
Withholdings at source	1,000

The estimated tax for the current year, based on previous taxable year income tax return information but using the current tax rates would be:

Normal tax	\$76,000
Additional tax	51,950
Alternative Minimum Tax	0
Branch Profits Tax	10,500

Tax Liability	\$138,450
---------------	-----------

Less:

Credits and Withholdings	<u>6,800</u>
--------------------------	--------------

Estimated Tax based on previous year income tax information	<u>\$131,650</u>
---	------------------

Line 7 – If an income tax return was filed for the immediate previous taxable year, determine the estimated tax based on the immediate previous taxable year income tax return. For purposes of this computation, you must use current year tax rates.

Section A – Estimated Tax to be Paid per Installment Placing the Net Income on an Annual Basis

Line 9 – Enter the months of the taxable year elapsed before the month for which the payment of the installment is required. For example, if the taxable year is a calendar year and operations began on January 1, in column (a), (b), (c) and (d), you must enter 3, 5, 8 and 11.

Line 21 – Enter the total tax credits and withholdings at source for the taxable year.

Line 23 – You must complete Section B of this part (Estimated Tax Required).

PART II – FAILURE TO PAY

Line 31 – Check calendar year if your taxable year ended on December 31. Otherwise, check fiscal year. Enter in column (a), (b), (c) and (d), the date corresponding to the 15th day of the fourth month, sixth month, ninth month and twelfth month of the taxable year, respectively.

If you filed an extension of time to file the Estimated Tax Declaration, enter in column (a) the date granted to file the same.

Line 32 – If you do not use the method of placing the net income on an annual basis to determine the minimum estimated tax required per installment, and the obligation to file the estimated tax declaration was met **for the first time**, before the first day of the fourth

month of the taxable year or if you were required to file an Estimated Tax Declaration during the previous taxable year, enter in each one of the columns 25% of line 8. If the obligation was met **for the first time** after the last day of the third month and before the first day of sixth month of the taxable year, enter 33% of line 8 in columns (b), (c) and (d). If the obligation was met **for the first time** after the last day of the fifth month and before the first day of ninth month of the taxable year, enter 50% of line 8 in columns (c) and (d). If the obligation was met **for the first time** after the last day of the eighth month and before the first day of twelfth month of the taxable year, enter 100% of line 8 in column (d).

Line 33 – Enter in column (a) the total estimated tax amount paid not later than April 15 of the taxable year (the 15th day of the fourth month of the taxable year if you have a fiscal year); in column (b), the total estimated tax amount paid after April 15 of the taxable year (the 15th day of the fourth month of the taxable year if you have a fiscal year) and not later than June 15 of the taxable year (the 15th day of the sixth month of the taxable year if you have a fiscal year); in column (c), the total estimated tax amount paid after June 15 of the taxable year (the 15th day of the sixth month of the taxable year if you have a fiscal year) and not later than September 15 of the taxable year (the 15th day of the ninth month of the taxable year if you have a fiscal year); and in column (d), the total estimated tax amount paid after September 15 of the taxable year (the 15th day of the ninth month of the taxable year if you have a fiscal year) and not later than December 15 of the taxable year (the 15th day of the twelfth month of the taxable year if you have a fiscal year).

Line 34 – If various payments were made in the periods described in the instructions for line 33, indicate the amount and date of the payments.

Line 35 – To determine the amount to be entered in columns (b), (c) and (d), you must complete lines 36 through 41 of previous column.

PART III – ADDITION TO THE TAX FOR FAILURE TO PAY

Line 42 – If the failure to pay on line 38 was covered in only one payment (overpayment) made after the due date, multiply line 38 by 20%. If the failure to pay on line 38 was covered in two or more payments (overpayments) made after the due date, **do not write anything on this line** and complete the table corresponding to the installment, located on page 2 of this Schedule.

Line 43 - If the failure to pay on line 38 was covered in only one payment (overpayment) made after the due date, enter the number of days elapsed from the date in which the estimated tax payment must have been paid and the date in which the payment (overpayment) was made.

Any overpayment, after covering the estimated tax payment of the corresponding installment, will be attributed first to the amount of estimated tax of previous installments due and not paid and then to the subsequent installments.

If the failure to pay on line 38 was covered with two or more payments (overpayments) made after the due date, **do not write anything on this line** and complete the table corresponding to the installment on page 2 of this Schedule. Determine the days elapsed from the due date of the estimated tax installment and the date of each one of the payments or overpayments applied.

The date of the overpayment applied, will be the date in which the payment that caused such overpayment was made.

Line 44 - If the failure to pay on line 38 was covered in only one payment (overpayment) made after the due date, divide the number of days entered on line 43 between 365 and multiply the result by line 42. If the failure to pay on line 38 was covered with two or more payments (overpayments) made after the due date, enter the total from the table corresponding to the installment, located on page 2 of this Schedule.

PART IV - TABLES TO CALCULATE THE ADDITION TO THE TAX FOR FAILURE TO PAY THE INSTALLMENTS OF ESTIMATED TAX

Calculate the penalty for each one of the amounts due by the dates of their respective payments, using the tables on page 2 of this Schedule.

Example:

The minimum estimated tax for the current year was \$4,000. The net income was not placed on an annual basis to calculate the minimum estimated tax, thus, the taxpayer had to make four estimated tax installments for 4/15, 6/15, 9/15 and 12/15 of the current year of \$1,000, respectively. The following payments were made:

Date	Amount
4/15	600
5/30	150
6/15	1,000
9/15	1,100
12/15	1,000

The current year tax was totally met on the date prescribed by the Code to file the same, without considering any extension of time. Therefore, the taxpayer totally paid the current year tax by April 15 following the close of the taxable year. The computation of line 22 will be:

Amount due and not paid before the payment	Amount of payment or overpayment	Date of payment or overpayment	Days elapsed from the due date	Multiply (a) by 20% by $\frac{(d)}{365}$
(a)	(b)	(c)	(d)	(e)
\$400	\$150	5/30	45	\$10
250	100	9/15	153	21
150	150	4/15	365	30
Total: Add Column (e) and transfer to Part III, line 22, Column (a)				\$396
